

EARTHLAB FUNDS CREATIVE SCHOLARSHIP

EarthLab Innovation Grants seek to engage a broad group of UW faculty and employees in transdisciplinary research related to our most pressing environmental challenges.

APPLY TODAY

Postdoctoral Opportunities at the University of Nevada, Reno

The University of Nevada's [Global Water Center: Solutions for Sustainability](#) seeks dedicated and talented early-career postdoctoral researchers to engage in projects that are collaborative and multi-institutional in nature.

LEARN MORE

RSVP Today! Freshwater Exploration Series Winter Roundtable

This event will include (1) lightning talks about how dams are featured in student research, (2) brief discussion of [Ho et al. \(2017\), The future role of dams in the United States of America](#), and (3) planning for Spring 2019 Panel Event.

Students from ALL disciplines are invited to give ~3 minute lightning talk on how they approach studying dams and their impacts (either directly or indirectly) from their disciplinary lens. Giving a talk is not required to participate.

We will also be identifying questions, issues, and perspectives that we would like to address in a panel event with academic and industry experts, to be held Spring 2019. Food and drinks will be served.
